COUNTER DAY

RYDLYME®

World's Leading Biodegradable Descaler

Jordan will be in to discuss the key features of these biodegradable products; including how they work & where you can find success with each product. Share stories of cleaning jobs and discuss potential new markets and customers!

SAFETY, SPEED AND CONVENIENCE IN ONE PRODUCT.

For more than 75 years, RYDLYME biodegradable industrial chemical descaler has been used to safely and efficiently dissolve tough mineral deposits, such as water scale, lime scale, calcium, and rust as much as 12x faster than other chemical descalers. This revolutionary descaler is fortified with a complex formula of wetting and penetrating agents that dissolve mineral deposits into solution for quick and easy disposal. This descaling chemical is used for boilers, chillers, cooling towers, condensers, heat exchangers, struvite and even more.

WE'LL BRING COFFEE & DONUTS, YOU BRING THE QUESTIONS!
