Join us for an on-site Turbo Tank coil cleaning demonstration!

Nu-Calgon Turbo Tank Battery Operated Portable Sprayer

Allied# 1928261

The Turbo Tank is a battery-operated, portable sprayer designed for use with water to rinse cleaning solutions off of HVAC coils. The sprayer is ideally suited for rinsing wall mini-splits, ceiling cassette units and coils in remote areas. It can also be used with warm water to rinse and de-ice components.

AllStyle Dry Cell Condensers Condenser Coils

Constructed with Aluminum tubing and fins. Condensers are equipped with a Grille/Motor mount for quiet fan operation.

Outdoor Air Conditioner

Designed for ground level or rooftop installations. These units offer comfort and dependability for Single and Multi-Family residential applications. A painted louvered steel cabinet encompasses the exterior with a easily accessible control box. Removing just one screw and the electrical control box cover slides down giving full access to all operating controls.
